

Here's what is being said about the group:

The Barry Sea Paradox performed at our wedding with such vibrant energy that it made us wish the night would never end! The band treated our guests to a fantastic performance of jazz standards, rhythm and blues numbers, Motown classics, and more. They kept the dance floor crowded and full of life the entire night with their contagious enthusiasm for music and dance! Not only are Barry and Bobbie dear friends (so we feel we can speak to what amazing hearts they have from personal experience), they are also true musical professionals. The Barry Sea Paradox has talent, heart, and soul unlike any other in the Houston area!! Thank you for the wonderful wedding memories you gave us. Barry and Bobbie... We love you guys!!

Barry & Bobbie,

What a great time at our annual Holiday Party!! Everyone enjoyed you and the band and are still exclaiming about you. As a matter a fact a couple of my friends wondered if you guys might be available for some of their events (birthdays, 4th of July... etc.). I will keep you posted. You can bet we will stay in touch. We will be sure to look you guys up when we are in Houston.

Here's to Happy Holidays, prosperity and good health.

Very Best Regards, Charles and Beverley

Bobbie & Barry,

We are remembering our wedding reception on Sept 4 as such a great evening and you were such a nice part of it! Can't wait to see The Barry Sea Paradox again!
